

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: BASTOS, Maria de Lourdes

Title: Prof.

Profession: Professor of Toxicology - University of Porto

Current EFSA involvements: Member-FEEDAP Panel 2015-2018 (FEEDAP), Member-Feed Flavourings 2015-2018 (FEEDAP), Member-Trace Elements 2015-2018 (FEEDAP)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a managing entity or equivalent structure			NO INTEREST

III. Member of a scientific advisory entity	01/2008 - now	-Name: Portuguese Authority for Food and Economics Safety	<p>Belongs to the Scientific Committee of the National Agency for Food and Economics safety.</p> <p>The Scientific Committee of the Portuguese Authority for Food Safety and Economics (ASAE) of which I am a member, is a consultant Committee and the principal functions are:</p> <ul style="list-style-type: none"> - to give scientific advisory to the ASAE Director in the ambit of food chain, including technological development and research projects, with total independence. -to pursue the scientific and technological progress in the food quality area. -to proceed to the risk evaluation in the food chain and to propose legal and administrative rules. -to propose to the ASAE Director to perform studies, scientific meetings, seminars, and other activities aimed at the evaluation, education, and to sensitize in the ambit of food safety. <p>During the mandate, the Scientific Committee was only requested to advice the Director on the procedure to tentatively identify the components present in the product Depuralina, to which was attributed, by INFARMED, some health human disturbs. The advice was: to analyse, by GC-MS, the lot of the product that was putatively responsible by the claims.</p> <p>With the advice of Scientific Committee, the Seminar Resistance to antimicrobials-the Portugal situation, was carried out on 2010.</p> <p>No risk assessment or dossier analysis were made on Feed additives or any other product.</p> <p>The committee has no fixed agenda to meet. As a medium, it meets three or four times a year (two meetings in 2014). Each meeting lasts approximately 3 hours.</p>
IV. Employment	01/1977 - now	-Name: Faculty of Pharmacy of the University of Porto	<p>Full Professor of Toxicology at the Faculty of Pharmacy of the University of Porto.</p> <p>This Organization does not have an official responsibility to carry out risk assessment /risk management. I am not personally empowered to validate/take management action/decisions. The Laboratory of Toxicology is sporadically requested by industry or others to make scientific/analytical dossiers on products. For example, we made in 2003 a Toxicological and Biological Activity Report on resorcinol to apply for marketing authorization as a flavouring agent in crustaceans.</p>
V. Occasional consultancy			NO INTEREST
VI. Research funding			NO INTEREST
VII. Intellectual property rights			NO INTEREST
VIII. Other memberships or affiliations			NO INTEREST
IX. Other relevant interest			NO INTEREST
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.
