

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: ROSSI, Vittorio

Title: Prof.

Profession: Professor in Plant pathology

Current EFSA involvements: Member-PLH Panel 2015-2018 (PLH), Chair-Ceratocystis platani & Cryphonectria parasitica risk assessment (EFSA-Q-2015-00265; EFSA-Q-2015-00266) (PLH), Member-Citrus black spot 2015 00601 (PLH)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a managing entity or equivalent structure			NO INTEREST
III. Member of a scientific advisory entity			NO INTEREST
IV. Employment	11/1992 - now	-Name: Università Cattolica del Sacro Cuore, Piacenza, Italy	Professor in plant pathology. Head of plant pathology section. Teaching and research in basic plant pathology and plant disease epidemiology and modelling. Università Cattolica has the status of public, non-profit organisation involved in higher education. The organisation does not have official responsibility to carry out risk management. No self employed consultancy related to food and feed safety.
V. Occasional consultancy			NO INTEREST

VI. Research funding	12/2008 - 11/2009	-Name: European Food safety Agency	Scientific coordinator of two EFSA projects granted under the EFSA Art 36. programme to Università Cattolica del Sacro Cuore of Piacenza, IT: - Prassis (Inventory of data sources for pest risk assessment), completed and closed 12/2009 and - MoPest (Inventory of models used for pest risk assessment), completed and closed 02/2010 Non remunerated for this activity.
VII. Intellectual property rights			NO INTEREST
VIII. Other memberships or affiliations	09/2007 - now	-Name: Gruppo Ricerca Italiano Modelli Protezione Piante (Italian Research Group for Modelling in Crop Protection)	President. Non-profit, informal group of researchers involved in plant modelling. The aim of the group is to share experience and promote the modelling science by means of congresses, workshops and training courses. The group does not manage research projects and funds. The role of the president is to coordinate the group; he is not remunerated. Time used for this activity: 4-5 days/year
	06/2007 - now	-Name: International Organisation for Biological and Integrated Control of Noxious Animals and Plants, West Palearctic Section	Member. Non-profit, scientific association promoting development of biological control of plant pests and diseases. Time used for this activity: 1-2 days per year
	03/2006 - now	-Name: American Phytopathological Society	Member. Non-profit, professional, scientific organisation dedicated to the study and control of plant diseases. Time used for this activity: 0-1 day per year
	01/1999 - now	-Name: Societa Italiana di Patologia Vegetale (Italian Society for Plant Pathology)	Member. Non-profit scientific society promoting research on various aspects of plant pathology. Time used for this activity: 0.5% of time
	01/1995 - now	-Name: Associazione Italiana per la Protezione delle Piante (Italian Society for Plant Protection)	Member of the Directive. Non-profit scientific association promoting research, education and training in plant protection sector. Time used for this activity: 3-5 days per year
IX. Other relevant interest			NO INTEREST
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.
